(To be run Sunday, June 5, 2011)

ATTN TRAINERS: A CTT board election candidates forum will be held Fri, May 27 at 10:30AM in the Hollywood owner/trainer lounge. 415-717-2635 or 323-243-9379.

Del Mar Stall Applications are due Wednesday, June 8.
Del Mar Debutante and Del Mar Futurity nominations (\$250) are due Friday, June 3.

ATTN HORSEMEN: Multi-State Equine Herpes Virus (EVH-1) Outbreak in Cutting Horses. Currently, there are numerous reports of equine herpes virus myeloencephalopathy (EHM) affecting horses and forms across Canada and the US including California. EHM is a neurological complication of Equine Herpes Virus (EHV-1). This outbreak appears related to initial cases at a cutting horse show in Ogden Utah, which was held from April 29 - May 8. While I do not expect this outbreak to impact race tracks in California there is evidence horses at that event may have been exposed to this virus and subsequently spread the infection to other horses. Horse-to-horse contact, aerosol transmission, and contaminated hands, equipment, tack, and feed all play a role in disease spread. While the true extent of this disease outbreak is uncertain; there is clearly a very significant elevated risk of EHM cases at this time. EHV-1 strains with a high incidence of EHM are thought to carry very high viral loads and therefore carry a likelihood of spreading.

As of May 17, 2011 there are no state or federal restrictions on horse movement related to this outbreak.

TWENTY THIRD DAY
POST TIME: 1:00PM

www.hollywoodpark.com

SATURDAY, MAY 28, 2011
Scratch: 10:00 AM Friday, May 27

Even though the risk should be low, the most likely avenue for introduction of this EHV-1 outbreak to California race tracks will be ponies and Quarter Horses. Horsemen are advised to closely monitor temperatures on new arrivals-including pony horses-for the first week they arrive at the track. The incubation period of EHV-1 infection is typically 1-2 days, with clinical signs of fever then occurring, often in a biphasic (twice a day) fever, over the following 10 days. Diagnostic confirmation can be made by nasal swabs sent to the appropriate laboratory.

Control of any viral outbreak, especially EHV-1, is critically dependent on biosecurity. Additional information on basic biosecurity can be found at the CHRB website.

ATTN HORSEMEN: if you are not able to saddle your horse for the races, please arrange for a substitute and inform the stewards. If a valet has to saddle your horse, your horse could be scratched and/or you could be fined \$100 by order of the stewards.

Morning Schooling will be Weds-Sun 10:15 - 11:00
Turf Works will be Thursdays and Sundays

Dr. Beck will be at Santa Anita on Thursdays and Sundays for horses to be taken off the vet's list. Please make arrangement with Amy in the Receiving Barn.

American Handicap will be run Sat. May 28 at ONE MILE (TURF).
