**Main track: 6:45 and 8:30am**

**Training track: 6:15 and 8:00am**

**DEL MAR STALL APPLICATIONS ARE DUE WEDNESDAY, JUNE 8.**

**ATTN HORSEMEN: Multi-State Equine Herpes Virus (EVH-1) Outbreak in Cutting Horses.** Horse-to-horse contact, aerosol transmission, and contaminated hands, equipment, tack, and feed all play a role in disease spread. While the true extent of this disease outbreak is uncertain; there is clearly a very significant elevated risk of EHM cases at this time. EVH-1 strains with a high incidence of EHM are thought to carry very high viral loads and therefore carry a likelihood of spreading. As of May 17, 2011 there are no state or federal restrictions on horse movement related to this outbreak.

The most likely avenue for introduction of this EHV-1 outbreak to California race tracks will be ponies and Quarter Horses. Horsemen are advised to closely monitor temperatures on new arrivals-including pony horses-for the first week they arrive at the track. The incubation period of EVH-1 infection is typically 1-2 days, with clinical signs of fever then occurring, often in a biphasic (twice a day) fever, over the following 10 days. Diagnostic confirmation can be made by nasal swabs sent to the appropriate laboratory.

**ATTN HORSEMEN: if you are not able to saddle your horse for the races, please arrange for a substitute and inform the stewards. If a valet has to saddle your horse, your horse could be scratched and/or you could be fined \$100 by order of the stewards.**

**Morning Schooling will be Weds-Sun 10:15 - 11:00**  
**Turf Works will be Thursdays and Sundays**

**Dr. Beck will be at Santa Anita on Thursdays and Sundays for horses to be taken off the vet's list. Please make arrangement with Amy in the Receiving Barn.**
